Welcome to this Session on the integration of fisheries systems into rice and water related initiatives!

Objective of this session is to support YOU in your efforts to promote rice-fish systems in broader efforts in your countries

1. We will recall some of the financing opportunities discussed today and go into more detail on the up-coming opportunities linked to S2S and SRL (Louise)

2. We will go into more detail on what a rice-fish component or project could look like (Miao)

3. We will break into groups to
   1. Brainstorm example water and rice-fish components through your efforts this morning (Climate Smart Sustainable Rice Landscapes)
   2. Brainstorm what process to follow to help you move your ideas into reality

4. We will conclude with how the FAO can support you (Matthias)
